PREFACE.

Two years having passed since our last issue, we herewith present No. 7 of the regular series of the MALDEN, MEDFORD, MELROSE AND EVERETT DIRECTORY to our patrons, with the confidence of its welcome reception by them, as well as by the public generally.

As places grow in importance and population, the directory increases in value, as a book of reference, until large cities could not possibly get along without their annual publication. A good directory is a great benefit to a place, not only to the citizens, but to strangers and visitors, who are constantly referring to its pages for information of some kind. We also often receive orders from distant parts of the country for our directories, which shows that their circulation is not necessarily limited to the cities they represent.

We wish especially to call the attention of persons using the directory, to the importance of knowing the precise spelling of a name, before looking for it, as names, pronounced the same, but spelled in various ways, will appear on different pages, and at quite a distance from each other.

The new census gives the population of Malden as 12,004, an increase since 1875, of 4,637. With so large a number of voters, a town government will undoubtedly soon give way to a city charter, and we expect our next issue in 1882, will be entitled "The Malden City Directory."

	1878	1880	Increase.
Names in Malden,	3,621	4,081	460

Our agents have received the usual courteous attention from all with whom they have come in contact, while obtaining the information for this number, and with many thanks for the same,

We remain, very respectfully,

W. A. GREENOUGH & CO.,

NOVEMBER, 1880. *Editors and Publishers.*

THE ÆTNA INSURANCE COMP'Y,

Of Hartford, Conn.,

After a successful and honorable career of fifty-five years is still the leading American Insurance Company. The Company has paid in losses since the Chicago fire, eleven millions of dollars. It has twice since that time renewed its capital stock, and is to-day paying dividends to holders of its stock.

What other Company has so magnificent a record? To all insurers in Stock Companies we say "TAKE A POLICY IN THE ÆTNA." No other Corporation has any advantages over this Company, and none is more liberal in its rates, or more sure to settle a loss without controversy.

The subscriber attends to all business for the Ætna in Malden and vicinity.

CHARLES MERRILL,

At the First National Bank, 34 Pleasant Street, MALDEN.

FAIR AND MODERATE INSURANCE.

THE MIDDLESEX MUTUAL INSURANCE COMPANY,

In ordinary insurance cases the cost of insuring $1,000 on a good dwelling-house is twenty dollars for six years and eight months. In the Middlesex Company **twenty dollars** will insure the same house **"twenty years,"** to say nothing of interest on the premiums. Do not throw away your money on insurance in remote or bogus Companies, when the best Company in the State will insure at the above rates.

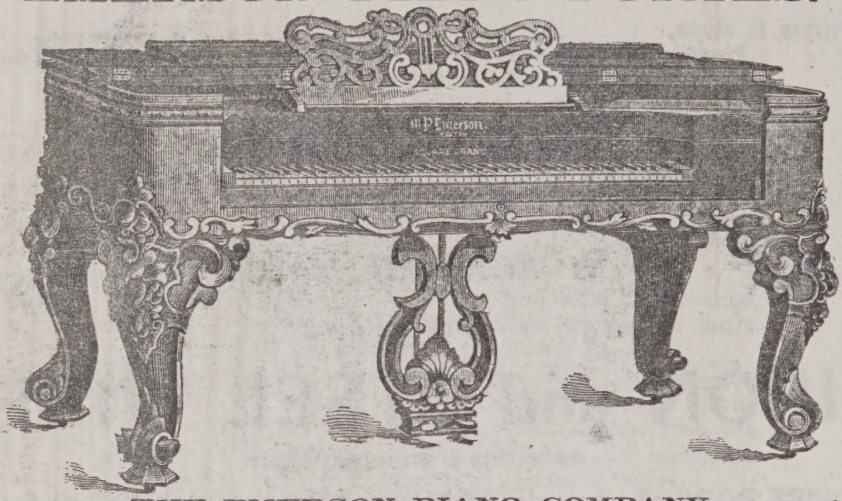
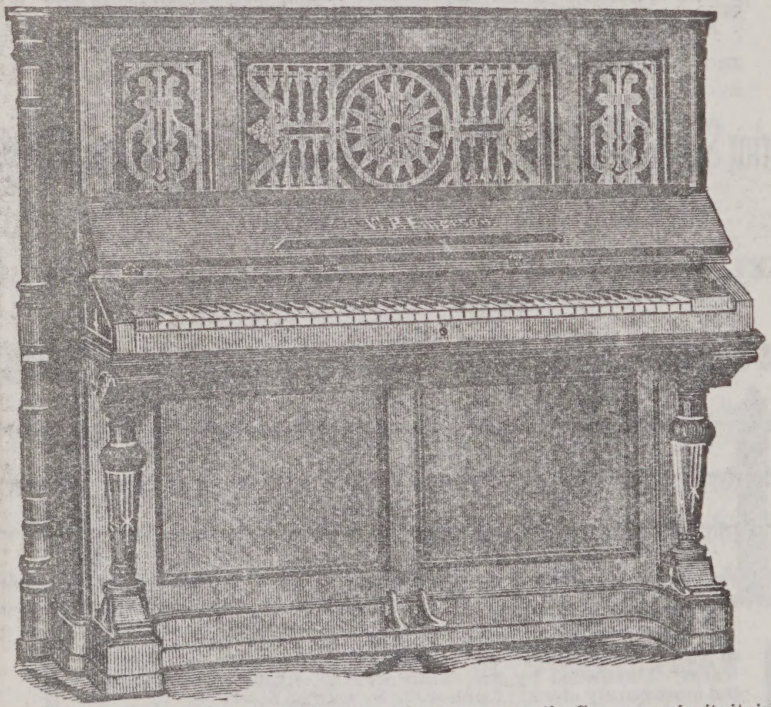
EMERSON PIANO-FORTES.



THE EMERSON PIANO COMPANY

Are desirous that their instruments shall be subjected to the strictest tests. By care in selecting materials, and by rigorously insisting upon perfect work, they procure instruments that are **ABSOLUTELY UNSURPASSED.** The mechanism of the Piano-Forte is simple and easily understood. There is no secret or mystery about it, as some shrewd advertisers would have the public believe. The solidity of the frame and case, the well-chosen, well-seasoned and well-wrought wood of the sounding-board, the perfection of the hammers, dampers and strings; the unyielding firmness of the pins, the scientific voicing and tuning—these are the elements necessary to form **Perfect and Satisfactory Tone.**



More than twenty-two thousand of these Pianos have been made and sold, and the Standard of Excellence was never so high as now. Superior Upright Pianos to Rent. Every Piano Warranted for Seven Years.

To persons of musical taste, willing to trust their own ears, the Company submits its instruments, confident that in sonority, evenness, crisp action, sustaining power and durability, they are not anywhere excelled.

TUFTS COLLEGE.

The college building is located on the line between Medford and Somerville, and is a brick structure, 100 by 60 feet, three stories high, containing a chapel capable of seating between 300 and 400, a library room large enough to receive 20,000 volumes, seven recitation rooms with adjoining rooms for professors, four other rooms used for lecture rooms, society rooms, etc., and three dormitories. There is, perhaps, no better college edifice in the country.

INDEXICAL SILVER SOAP

The original and only genuine Silver Soap is known world wide as the INDEXICAL SILVER SOAP, and is the only proper thing to use for cleaning Silver, Electro-Plated Goods, Marble, Artificial Teeth Plate, Jewelry, Statuary, fine House Paint, &c. Beware of imitations. The genuine Silver Soap is recommended by the largest manufacturers of silver-plated ware. Marion Harland in "Common Sense in the Household," page 529, says:—"For years I have used no other preparation for cleaning silver than the Indexical Silver Soap. Besides being clean and easy of application, the Silver Soap will not wear away the metal as will whiting or chalk, or plate powder, however finely pulverized."

INDEXICAL CROWN SHAVING SOAP.

Surpasses all Shaving Compounds in richness and durability of its lather; working equally well in cold or warm water. It permeates the beard, rendering it soft and easy to cut, and leaves the face fresh, fair and smooth.
